

Happy New Year! Welcome to 2010, another new year and decade embarking in your life on the Monterey Peninsula. How about taking your spiritual life to a new level?

We'd like you to consider participating in a new series designed to help you grow your soul, along with a few new friends, dedicated to doing life together.

The facilitator of this series is Dr. Alan E. Nelson, the author of a new book: *Spiritual Intelligence*. Alan is a new, local resident with over 20 years experience as a pastor, author, and leader developer. He'd like to personally meet you and introduce the idea of forming *Travel Teams*, whereby 6-14 people implement methods similar to those Jesus used with his disciples, resulting in significant personal growth and soul development. Join us for a ½ hour overview followed by friendly interaction. There is no cost for this intro or participating in the series.

Meet Alan E. Nelson, Ed.D.
